## Concerns: Service Contract (page 1 of 3 only)

This contract is between Mr./Mrs. ....  
Citizen of ....., date of birth ....., address: .....  
and SARDOGS Nepal (P)NFP. It concerns the efforts to search and rescue her/his family member Mr./Mrs.  
..... and his/her friend Mr. ....  
who went missing in ..... District of Nepal and who was last seen near to  
..... SARDOGS Nepal guarantees that a search party of professional SARDOG  
Handlers with their trained sar dogs is going to check for the whereabouts of Mr./Mrs.  
..... and ....., through the area he was planning to trek. This  
area is described as follows:

From ..... to ..... Mr./Mrs. ....  
guarantees payment for 5 Days in advance that is not refundable the missing persons are located before these  
10 days have passed. The day rate as per agreed between the 2 parties shall be 800 (eight-hundred) Euro.  
The rate includes food & lodge for the search party members and land transport but the airlift is not included.  
Mr./Mrs. .... shall transfer an amount of equally 4000 Euro  
(Four Thousand). The amount has to be paid cash, Western Union or transferred to the bank account of  
SARDOGS Nepal:

Nepal Investment Bank Ltd

Durbar Marg

KATHMANDU, NEPAL

SWIFT code: NIBLNPKT

Pokhara Branch

Account Name: SAR DOGS NEPAL

Account Number: 01101030250665

We start after either the half of the money received or the copy of the bank transfer receipt has been sent to  
us. The remaining amount has to be paid at the end of the search (Day 10). In case that the search has to be  
extended, the rate will be another 800 Euro per day. The Contract will commence when the first Batch has left  
our base in Pokhara/ Kaski District and will terminate when the last Batch has arrived back at our base.

The fees for the search mission are not refundable in case we have to stop the search or have to reduce the  
team by sickness/injury of dog or man, by bad weather or other force majeure.

If we need additional days due to delay/ have to postpone the search by acclimatization, by  
sickness/injury/accident of dog or man, by bad weather or other force majeure, you will have to pay the  
additional days as long as we are in field.

The Client agrees to pay for the loss of life of any of our highly trained Search and Rescue Dogs during the  
search party. A sum of EURO 2000 per lost SAR dog, payable to SAR DOGS NEPAL (P) NFP .

The Client agrees to pay for the rescue efforts and medical treatment of any of our team members in  
case of an accident/ severe sickness. In case of a loss of life of any of our members during the search  
party, the client agrees to pay a sum of Euro 6000 to the family of the deceased.

The place of jurisdiction is Kathmandu, Nepal.

## **TERMS & CONDITIONS FOR EMPLOYING OUR SEARCH & RESCUE DOG (SAR) Teams**

After receiving a call for help and a brief description of the case, our Secretary or Squad Leader will arrive at the Consular Section of the Embassy involved. Client may also visit our Office in Pokhara for briefing instead.

A Search Contract must be drafted and then signed by the Client, detailing his or her personal financial responsibility for all of the following:

Transport by road or by Helicopter has to be decided by the client.

The client agrees that a Bus, jeeps or airlift and Shuttle Helicopter flight(s) from our base location to the target area is considered Day One of the search operation.

Transport by road or airlift and Shuttle Helicopter flight(s) back to our base location from the target area once the search action is declared over is called last day of the search operation.

The Client agrees to pay for the loss of life of any of our highly trained Search and Rescue Dogs during the search party.

- A sum of EURO 2000 per lost SAR dog, payable to SAR DOGS NEPAL (P) NFP

The Contract will commence when the first Batch has left our base in Gharepatan 17, Pokhara, Kaski District by road or helicopter and will terminate when the last Batch has arrived back at our base.

Next step is mobilization that may take up to two full days and is considered to be payable working days!:

When a person is reported missing, SAR DOGS NEPAL will dispatch all available teams and dogs as per our own insight and needs, depending on the remoteness of the target area. The team members and dogs are will be call for briefing, health check for the dogs, supply shopping and for organizing the transport to the target area by land or by air.

The Client may choose to monitor the on-going Search Action or may send for another person of his/her own choice along with the search party. Beware that it is a tough job and that person should be fit and healthy. The observer may stay in the base camp that will be erected in the target area or join the search and follow the instructions of the squad leader. The Client reserves the right to announce cancellation of the Search Contract at any time, provided that all outstanding fees are paid to-date when the Rescue Team(s) have arrived back to their base.

If the contract has to be made with an Embassy instead, then the Consular Officer in Charge of the Embassy that certifies the Clients nationality should sign and seal the Contract for Witness.

The tariff for our Rescue Team as described above includes and covers the following:

Includes all transport by jeeps, taxis or buses (except for helicopter or domestic airplane travel! That is NOT covered and has to be paid directly to the airline or helicopter service company by the client)

Includes the wages of recruited local helpers, scouts and hunters in the target area (usually local personnel who know the area very well will always be hired everywhere to assist us during a search party)

Includes all food supply, lodging and restaurant dining for the search teams, their dogs and their helpers.

The rate for hiring SAR DOGS NEPAL Search Party is set at EURO 800 per day.

In order that sufficient food stock may be carried and any necessary updates made to our existing rescue equipment, a non-refundable

advance payment equivalent to 5 full-days hire is required, regardless whether a missing person is found earlier than these first 10 days.

The contract is automatically extended for another payable 10 days advance if the client does not inform us on day 9 that he/she wishes to end the search party. Average out of experience we know that combing out a trekking area and search it properly, this usually may take more than 2 weeks up to a full month depending on the size and length of a trekking route. Payment has to be updated during the second running search period of another ten days and only after this 20 days, if any portions of a area left to search the modus of operations will switch to a so called "day to day payment counting."

It is advised to start fundraising in the social media right from the beginning for those clients who have not enough financial means for a full-blown search and rescue operation. Especially Helicopter search and

dropping is very costly in Nepal! The charges for flights to remote areas can be as much as 2500 USD per hour and most flights to a target area last minimum 2 to 3 hours!

An alternative method of initiating a missing persons search would be to begin by allowing SAR DOGS Nepal's experienced investigators to perform discrete data and intelligence collection on client's behalf.

This method can provide essential input into deciding whether the deployment of any Rescue-Dog team is absolutely necessary.

This service includes, amongst other things, conducting relevant surveys (i.e. media and other information searches) and allows our investigators to enter a target area on foot in order to gather relevant facts.

The tariff for such a 'pre-Rescue-Dog-Squad' investigation - comprising a team of (three) investigators - is EURO 350 per day, payable in advance for a minimum of 10-days work. (price includes all expenses and is exclusive of travel expenses by air) Such an inquiry team can be hired without involving any Consulate or Embassy.

However, it is strongly recommended that the appropriate foreign mission is approached and informed before such an investigation is undertaken.
